

NOTICE OF INTENT TO ADOPT A MITIGATED NEGATIVE DECLARATION

This notice is to inform the public and interested agencies that in accordance with the California Environmental Quality Act (CEQA), the City of Camarillo is circulating a Mitigated Negative Declaration for public comment.

Project/Location: Camarillo Sanitary District Water Reclamation Plant, 150 East Howard Road

Project Description: City of Camarillo Reclaimed Water Storage Reservoir (WT-14-03). Construction of a partially buried, one million-gallon rectangular reinforced concrete reservoir and relocation of the existing tertiary effluent pump station with controls in the southwestern area of the Water Reclamation Plant property.

Document Availability: The Mitigated Negative Declaration will be available for review at the following locations beginning on **April 16, 2021**:

- City of Camarillo Public Works, 601 Carmen Drive, Camarillo, CA 93010
- City of Camarillo website:
https://www.cityofcamarillo.org/departments/public_works1/capital_projects.php

In the event City Hall is closed while the Ventura County Public Health Officer's Stay Well at Home Order is in effect, you may contact Ken Matsuoka, P.E., Principal Engineer at (805) 388-5340 or via e-mail at kmatsuoka@cityofcamarillo.org to make arrangements to obtain the document.

Public Review Period: The 30-day public review period for the Initial Study/Mitigated Negative Declaration is from April 16, 2021 to May 17, 2021.

Comments: Written comments may be sent to: Ken Matsuoka, P.E., Principal Engineer, City of Camarillo, 601 Carmen Drive, Camarillo, CA 93010

Comments may also be sent by fax to (805) 388-5387 or by e-mail to kmatsuoka@cityofcamarillo.org.

Project Impacts: Based on the findings of the Initial Study, it has been determined that the project will not have a significant effect upon the environment based on mitigating measures, which will be attached to the project as conditions of approval. A Mitigated Negative Declaration has been prepared outlining a Mitigation Monitoring Plan to mitigate the potentially significant impacts of the project to less than significant levels. Additionally, the project site is not known to contain any significant hazardous waste contamination under Section 65962.5 of the Government Code.

Public Hearing: The date, time, and place of future public hearings will be appropriately notified per City and CEQA requirements.

Para asistencia en español, por favor de contactar el Departamento de Obras Publicas al 805.388.5340.
